2004 SHIRAZ GRENACHE

Great Flavour, Great Value, Great Style

Shiraz and Grenache make perfect wine partners. Blended together, they each bring qualities which open up a deliciously new wine dimension. Grenache gives the rich, full bodied Shiraz a delightful softness and lifted aromatics (elegance), and together they produce a flavoursome vibrant red of medium weight, perfect for enjoyable drinking now.

This fruit driven wine is an exciting early drinking style of unusual richness from the exceptional 2004 red wine vintage.

This wine has been bottled early using the Stelvin closure in order to retain its youthful freshness.
