

## 2004 WILDCARD SHIRAZ

When the Barossa was faced with adversity, Peter Lehmann played his "Wildcard" and formed his own company to support his loyal growers.

The Peter Lehmann winemakers have identified Shiraz vineyards which will give grapes of the quality they seek. Working closely with selected growers, yields are monitored and harvest only occurs when the grapes are at optimum maturity.

A deliciously soft style of shiraz: a red wine to be enjoyed in its fresh youthfulness.
